wc 29.06.20 Year 3 Worksheet 8

WGD: **Word Search 3 Times table**

Answer the calculations below and find the answers in the word search:

**3 x 3 =**

**3 x 4 =**

**3 x 10 =**

**3 x 6 =**

**3 x 2 =**

**3 x 7 =**

| | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|
| e | t | h | i | r | t | y | n | e | l |
| t | n | h | x | t | t | e | r | t | o |
| w | i | u | e | d | b | i | w | n | e |
| e | n | r | w | e | s | e | e | o | s |
| l | e | e | l | p | n | e | h | u | i |
| v | k | e | e | t | t | i | e | r | x |
| e | a | e | y | h | a | u | t | n | e |
| m | q | o | g | e | o | o | k | i | e |
| o | n | i | e | e | t | h | g | n | e |
| e | e | d | j | p | z | o | b | n | n |

Use trial and error to solve the calculation below by working out what numbers the stars represent. Then check your answer

<u>Clue 1-</u> The first three stars are consecutive (numbers that come next to each other like 1,2,3 or 6,7,8) numbers between 1-5, but they are not in order.

<u>Clue 2-</u> The middle number of the answer is a multiple of 2.

<u>Clue 3-</u> The first number of the answer is an odd number.

<u>Clue 4-</u> The last number of the answer is a multiple of 3 and is an odd number.
