Rounding Decimals

To round a decimal to the nearest whole number look at the tenths column;

T	U	.	$^{1}/_{10}$	$^{1}/_{100}$
4	5	.	6	7

Remember the rhyme: 1, 2, 3, 4 round down to the one before,

5, 6, 7, 8, 9 round up to the next in line.

Eg. 3.5 ⬆ 4 and 5.49 ⬇ 5
