Worksheet 1 Year 5 6.07.20

Persuasive Writing – Planning

Design a jet-ski

Design the next generation of jet-ski with imaginative features. Be creative with your ideas, livery (paintwork) and logo or name for your jet-ski.

Include lots of safety extras for passengers and also as a search and rescue vehicle at sea.

Use labels and information boxes around your drawing to describe the unique features of your machine.

Give your jet-ski a catchy name to draw attention to this latest design.
