

Share the story of 'The Rainbow Fish' by Marcus Pfister at <https://www.youtube.com/watch?v=r9mryuEKkKc> (or if you have the book at home, share that version together). Remember to discuss how the different fish are feeling in the story and why - Why are the other fish sad? Because the rainbow fish won't share the beautiful scales. Why is the rainbow fish lonely? Because nobody will play with her because she won't share. What advice did the octopus give the rainbow fish? How does the rainbow fish feel at the end? Happy because the other fish will play now she has shared. etc

When the story is finished and you have spoken about the different feelings in the book, look at the pictures below. Can you put the images in the right order? (You may need to support in reading the speech bubbles). Can your child retell the events of the story?

We have attached both coloured and black and white (which you could colour in later) copies for you to choose which to print.
