

Wb 04.05.20 Worksheet 7 - Counting on or counting back

Ask an adult to help you read the cards. You need to work out if the problem needs you to count on or count back.

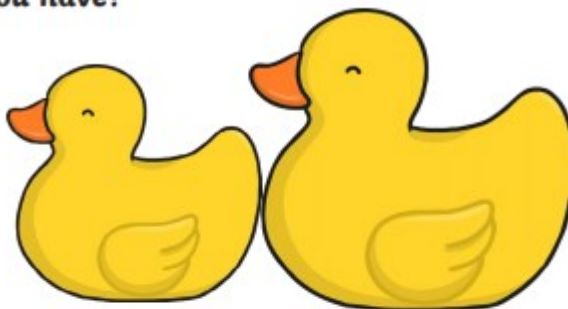

If you are not sure then use objects to help you act out the problem. Then solve the problem.

CHALLENGE— Use a number line to solve the problem. Write the calculation that you have just solved. Remember to use + for counting on and— for counting back.

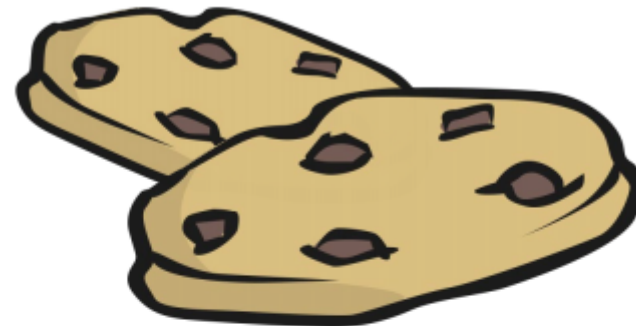

If you have 8 slices of pizza and 5 slices are eaten, how many slices would you have left?

If you have 3 rubber ducks and are given another 4, how many rubber ducks would you have?

If you bake 5 cookies and then bake another 5, how many cookies would you have baked?

If you have 6 flowers and give 2 of them away, how many would you have left?

If you invite 10 people to a party and 3 of them say they can't come, how many people will be at the party?

If you count 9 rabbits in a field and 7 of them hop away, how many rabbits would be left?
