

Watch the following video about minibeasts. Whilst watching it, can you name all of the different minibeasts? At the end, do you know what makes an animal a minibeast?

https://www.youtube.com/watch?v=JuHg5oWF_mo

(minibeast adventure with Jess—crazy critters)

Now, have a look at the following photos and see if you can name ALL of the different minibeasts. Grown ups can help with writing the names if you want to make a list (Answers are at the bottom).

Answers top to bottom, left to right:
 Caterpillar, crane fly, beetle, bee, worm, spider,
 woodlouse, wasp, ladybird, snail, earwig,
 dragonfly, ant, butterfly, fly, millipede, slug,
 centipede.
