Victorian Toys

10 Just over one hundred years ago, in the Victorian times,
19 children had fewer toys than children have today and
29 there were no computer games or mobile phones to play
38 with. Most Victorian toys were made from wood, paper
48 or metal – there were no plastic toys. Families with less
59 money would have to make their own toys to play with
69 and these often included dolls made out of clothes pegs
77 and paper windmills. Children would save up what
86 little pocket money they did have to treat themselves
95 to marbles, spinning tops, skipping ropes or kites from
103 a 'penny stall' in the market. Rather than
109 playing with toys, lots of children
113 played games outside with
115 their friends.
