

Worksheet 3

It's your turn to write today. I would like you to think of eating strange objects and what effect they have on you: if you eat flies would you be able to fly? If you ate bananas would you turn yellow? If you ate socks would you smell? If you ate footballs would you be the best footballer?

Can you think of any of your own?

Write the story remembering that it has to have a beginning - when we find out WHY the person eats the strange items, a middle - when we learn WHAT effect it has on them, and an ending - this should tell us whether it is all okay or not and conclude the story.

Aim for at least 3 sections. Remember in Year 2 your handwriting should be joined and neat. You have to use capital letters and full stops. You should use some conjunctions - and, but, so when, because.

Enjoy.
