

Worksheet 8 Year 3 27.4.20 Be Creative

Look at the image above. Notice how the graffiti is on a wall and is bright and colourful. You are going to create your own graffiti tag on a wall this week. Like last week, use groovy lettering to write your first name. Colour it in with bright colours, felt tips if you have them. Cut the letters out. Next, create a brick wall design like that above, colouring it in with shades of brown. Finally, arrange your lettering on the brick wall and there you have it - your name 'tag' on a wall for all to see! Complete it in the box below, if you like.
