

Year 4 Summer Term

Why does my bottom burp?

Open wide let's take a look inside

Anything that you can do to encourage your child's enjoyment of this topic would be very helpful.

e.g. Research, books, visits, discussions

Year Four News

Curriculum Information for Summer 2023

Diary Dates

May 3rd – Burbage Arts
May 15th – Walk to School Week
June Multiplication Test Check
June 21st - Sports Day #1
June 22nd – Sports Day #2
July 6th – Transfer day

Why does my bottom burp?

Science	Digestive System Human and Animal teeth Food Chains	Music	Compositions
Art	Charcoal sketching	French	Sport The body
PE	Athletics Hockey	DT	Sewing Cooking

P.E. & Games

Our P.E. slot is on a Wednesday. Children will need to come to school ready in their PE kit. In warm weather you may want to send your children with a hat and sun cream. In colder weather make sure your child has a jumper to do PE outside. Our other PE afternoon is on a Friday when one half of the year group will be swimming. Please ensure they come with the correct kit on swimming day.

Homework Reminders

Given out on a Monday, to be returned by the following Monday. This year more of our homework will be on the school website and the My Maths platform. If your child struggles, please don't worry, encourage them to have a go the work will be discussed with the children during the week. **We expect the children to read to an adult as regularly as possible.** (We reward the children for reading and having their homework folder initialled).

Maths

As you will have noticed, the way Maths is taught now is returning to traditional methods. The methods that children learn build up over time; they begin to understand why mathematical processes are happening. **By year 4, children should be practising all of their times-tables and related facts (up to 12x12) as regularly as possible, to the point of instant recall.** The government have introduced a Multiplication check so we encourage children to practice at every opportunity. TT Rockstars is a fantastic way to engage and encourage your child to improve their multiplication knowledge.

Talk To Us

If there are any problems come and see us. Many a misunderstanding or issue can be cleared up in a few minutes. We are here to help your child; that's why we're teachers! We want everyone to achieve their potential and enjoy their school experience.
