

## The Grand Canyon Tour Company

Howdy, there! Welcome to Arizona for your tour of one of the Seven Wonders of the Natural World. My name is Hank, and I'll be your tour guide as we travel part of the way around this 277-mile-long canyon. At its widest, the Grand Canyon stretches almost 18 miles across. Don't get too close to the edge though, because at around one mile deep, we won't have a rope long enough to help if you slip! While it isn't the longest or deepest canyon in the world, the Grand Canyon is an extremely popular place for tourists to visit, with over 5 million people, just like you, traveling from across the world to see it!

# Quick Questions
