

How can we apply our times tables knowledge?

Over the course of Year 4, we have been working hard to learn our multiplication/division facts. Apply your knowledge to answer the following questions. Then find a member of your family to play the dice game on the next page. Don't forget to join in with the battle on TTRockstars!

1. At a birthday party, all 7 children receive a party bag. Each party bag contains 6 sweets. How many sweets is that altogether?

2. Luna is putting pencils into pots for her teacher. She has 132 pencils altogether. Her teacher has asked her to put 12 in each pot. How many pots will she need?

3. Solomon walks to school every day. The journey takes him 5 minutes. How many minutes does Solomon spend walking to school and back over 5 days?

4. A bird catches 24 worms in a day. If she shares them equally between her 3 young chicks, how many worms will each chick get?

5. At the school bingo, Rohail won £33. He shares the money equally with his brother and sister. How much money do they get each?

Multiplication Dice Game Worksheet

How to play:

1. Roll a pair of dice.
2. Multiply your 2 numbers.
3. Colour your answer in on the grid.
4. The first person to colour 4 in a row wins!

18	12	24	8	10	24	6	15
36	30	12	9	2	5	4	18
4	24	4	8	6	8	15	3
10	12	25	15	20	6	16	8
36	12	12	30	5	12	5	30
10	25	1	9	5	6	10	20
18	20	9	10	16	15	4	3
1	30	4	20	2	3	6	15
