

We have practised using the inverse to check calculations.  
 Remember, to check with the inverse, we work backwards.  
 Mark these calculations using the inverse to find out if they are correct.

	Calculation	Check with Inverse	Correct?
e.g	$\begin{array}{r} 555 \\ - 278 \\ \hline 277 \end{array}$ 	$277 + 278 = 555$	Wrong
1	$\begin{array}{r} 87 \\ + 446 \\ \hline 459 \end{array}$		
2	$\begin{array}{r} 144 \\ - 75 \\ \hline 69 \end{array}$		
3	$\begin{array}{r} 367 \\ + 459 \\ \hline 826 \end{array}$		
4	$\begin{array}{r} 674 \\ - 596 \\ \hline 182 \end{array}$		
5	$\begin{array}{r} 286 \\ + 1378 \\ \hline 1662 \end{array}$		
6	$\begin{array}{r} 1342 \\ - 468 \\ \hline 942 \end{array}$		

7	$\begin{array}{r} 2786 \\ + 1512 \\ \hline 4299 \end{array}$		
8	$\begin{array}{r} 2457 \\ - 1687 \\ \hline 770 \end{array}$
