How music can make us feel	
<ul style="list-style-type: none"><li>• You can draw anything that comes into your head – it could be one picture of a scene (like in a story or film) or it could be lots of little pictures of anything that the music makes you think of.</li><li>• Be as imaginative as you like! We want to see things that are ‘beyond the literal’ so we’re not looking for pictures of the instruments that are playing or music notes.</li><li>• There are no right or wrong answers – just let your mind wander and see where it leads you!</li><li>• Listen for a while before starting to draw – give the music chance to get started and let your ideas form.</li></ul>	Piece of music - 1
