### Aims for Summer Term

This year's activities have faced lots of disruption but our aim is to continue to teach focused English and Maths whilst also planning topic and other interesting tasks before the Year 6s leave us in July. There will also be an emphasis on thinking about transition to high school during this time.

### Summer Info.

• As the weather gets warmer, it is a good idea for children to bring in a bottle of water to drink from during the day.
