

SHQ: How do I use my maths knowledge and skills to complete a maths investigation.

In your previous two lessons you hopefully solved the five clues in the 'Burgled Bangers' investigation.

Today you will be completing the final part of your investigation and you will read the confession from the guilty criminal! But unfortunately, the culprit hasn't made it easy for you and you will need to decode the message!

You will need to refer again to the resource for worksheets 8,9,10 and read the instructions carefully for the confession.

Write out carefully what you think the confession says and then check your answer with the answer sheet at the end of the resource.

We hope that you have enjoyed the investigations this week.

The skills you have used to solve the clues will be really helpful to you at your next school!
